Location: San Rafael, Mendoza, Argentina

AGUSTÍN REYNALS

software developer

EDUCATION AND QUALIFICATIONS

2022 – Present
Higher Technician in Software Development
Instituto de Educación Superior N° 9-012 "San Rafael en Informática"
Courses
- Full Stack Web Developer – Universidad Tecnológica Nacional (2 completed courses)

WORK EXPERIENCE

I do not have formal work experience yet. However, I am continuously working on academic and personal projects that involve software development, problem-solving, and teamwork.

SKILL

- Programming Languages: HTML, CSS, JavaScript, Python, Java

- Web Development: Frontend and Backend using modern frameworks

- Databases: MySQL, MongoDB (basic)

- Tools: Git, GitHub, Visual Studio Code

- Languages: Spanish (native), English (intermediate – technical focus)

INTERESTS AND ACHIEVEMENTS

I am passionate about web development and technology. I enjoy learning new tools, creating responsive web interfaces, and collaborating with others in academic projects.
